LSMM6456/PME5230 Final Project Guideline

1. Find your partner and Start thinking about your final project.

(A) The final project could be a short paper review, news, web search, or non-confidential research idea related to this course.

(B) Rules for your final project-

(1) Turn in a final project report of ~5 pages (no more than 8 pages). Your final project should include- a complete survey of relevant background literature or patents; presentation of the theoretical background; potential applications; your criticism/comment/suggestion.

(2) Prepare a 15 minute presentation. The other team member takes charge of 5 minute Q&A. Turn in your powerpoint file.

(3) You must show up at least half of all presentation.

(4) Turn in your report and powerpoint file via a CD before end of 05/12 class. Late submission costs 2 points on report and 2 points on presentation per day.
